Station 7
Test Drive the Remote 1

Instructions

1. Find the 2 foot x 3 foot poster with the title “Test Drive the Remote 1”
2. Tape it to the wall or lay it on a table near the OTN unit.
3. Place the 1-page answer key for “What button to press” nearby.
4. Give the participant the remote control for the OTN unit. Alternatively, give the participant a picture of the remote control for the OTN unit (making sure it matches the actual remote control).
5. As participants answer the questions on the poster, they should locate the corresponding button on the remote control.
6. They can check the 1-page answer key once they've answered.
